TRADITION WINS THE MERMAID

COLDFINCH FILLY REVELS IN THE MUD AT THE BAY.

Lord Provost, 15 to 1, Also Wins for Sydney Paget-Workman First by a Nose -Druid Wins-Yankee Consul Beaten -Four Favorites Lose at Sheepshead.

Sydney Paget's star three-year-old filly, Tradition, by Goldfinch-Reclare, enjoyed a alloping victory in the mud at Sheepshead esterday, when she made all the running n the Mermaid Stakes, for fillies, one mile and a furlong. Tradition gave ten pounds each to Zeala, her stablemate, with whom she was coupled at the prohibitive odds of o the Kenilworth Stable's Coy Maid and to Fred Johnson's Schulamite, an added starter. At the start Willie Davis took such a tight hold on the bridle that Tradition went e front with her mouth wide open. She had a world of speed and fairly reveled in the going, at no time being threatened and coming home, still under a pull, with two and half lengths to spare in 1:58 3-5. Coy Maid. fter being messed about by Odom, ran second,

hix lengths before Schulamite.

The Paget colors were also carried to rictory in the first race, for maiden two-yearolds, five furlongs of the Futurity Course, in ch twenty starters faced the gate. The send-off was poor, Hector being left. Lord Provost, a 15 to 1 shot, with a stable boy amed Horner wearing the Paget silks, made all of the pace and won in a gallop by three lengths in 1:01 1-5. August Belmont's Lord he Forest, a 30 to 1 shot, ran second, a length before the 8 to 5 favorite, Evelyn Griffin. Daly's Gentian, 30 to 1, was a head out

of the money.

Graceful, a hot favorite in the second race, handicap for mares at six furlongs, was ever dangerous. Tony Aste's Druid, 13 o 5, on the other hand, fairly walked home ve lengths before Bohemia, 4 to 1. Diamond Flush, 7 to 1, was a poor third. The much talked of Yankee Consul, autalked of Yankee Consul, an-

ne was 1:14 4.5.
The much taiked of Yankee Consul, ander warm favorite, got a sound beating in a chird race, for two-year-olds, five and a lifurions of the Futurity course. He got off oil, but soon stopped when the pace began tell, and finally straggled in third. David deon's Astronomer, 4 to 1, who gave weight the others, closed with a rush and won ther easily by a length from Whimsical, to 3, who was six lengths in front of Yankee paul. The time was 1:07 1-5.
Little Miller put up a great ride on Workin, the favorite in the fifth event, at a mile, was far behind the leaders at the head the stretch, but under whip and spur Workin made up the ground rapidly until in the ry last jump he got his nose in front of him. A. Drake's Jocund, 11 to 5, and wen, tile Woods, who looked the winner at the ree-quarters pole, stopped in the stretch, dwas third, five lengths away. The mile is ruin in 1:43 3-5.

nd was third, five lengths away. The mile cas run in 1:43.3-5.
Mattle Corbett's The Southerner, unacked by the wise men at 6 to 1, fairly comped home with the last race, at a mile nd a half on the turf. He won by ten lengths at 1:50.5-5, while Possession, second choice 1:50.5, sot the place in the very last stride at a nose, with Bellatrix, 15 to 1, who was a front for about a mile, third. Miss Billie, he favorite, was badly beaten. Four lateries lost and the books won heavily. The ammaries:

on the Hudson. POUGHKEEPSIE, N. Y., June 21.-To see

A significant with a significant process of the second street of the sec

between Schreck and myself was arranged, the promoters promised me a big purse and all that, but when it came to the real issue I found that not a cent of the purse money had been posted. If Schreck wants to meet me let him get some one to put up a purse in hard cash and I will talk business.

"Just now I am going to direct my attention to either Jim Corbett or Gus Ruhlin. Either one of them can have a match with me. First come, first served, although I prefer a contest with Corbett. I will take him on for six, ten, twelve or twenty rounds just as he wishes. I have not gone back to any extent since I whipped him at Carson City eight years ago, and I think I can repeat the trick if he has the nerve to face me once more."

Half-Sister to Searcher Brings \$2,100. S. L. Look paid the top price, \$2,100, for a half-sister to Searcher at the yearling sale held before the races yesterday. The leading

METS RECEIVE CONCESSIONS.

EDDIE BURKE MAKES PEACE WITH TRACK OWNERS.

Non-Members Not to Be Increased and Must Stay in a Remote Part of the Ring-Will There Be a Contribution From the Books?-- Light Betting.

There will be no more trouble in the betting ring. Peace was formally declared yesterday between the track owners and the Metropolitan Turf Association, by which the bookmakers' organization will receive certain concession, under certain conditions, Edward Burke, the well known layer, who, as a member of the Mets' governing committee, has never been in favor of the hostilities which have been going on ever since an open ring was declared at Belmont Park, is the man who has brought order out of chaos. Burke, as THE SUN stated yesterday, is the sole representative of the Mets, and through him in future all business between the ring and the tracks will

be conducted. Before the track owners would listen to Burke's proposition, however, it was understood that the other members of the governing committee, Wheelock, Jones, Heney and Lichtenstein, would step down and out and have nothing further to do with controlling

matters in the ring.

With the eliminatian of these individuals from the situation, Burke met the track owners in conference the other day and asked that the Mets should be allowed to draw for posi-tions in the ring at all tracks as in the past. Burke also asked that the ten non-members who were placed in the front line on an equal footing with the Mets should have their position confined to that portion of the ring nearest the field, or in other words the center of the "horseshoe." With the non-members located in such a remote place, though still in the front line, Burke also asked that there should never be more than the ten outsiders who are booking at present and that in the event of one or more of them dropping out the vacancies would not be filled.

Furthermore, Burke made the request that the Mets should have the two sides of the ring parallel with the track, and that in the event of a falling off in numbers no non members should be moved up among the organization layers. Burke had been made to understand, it is said, in the first place, that the non-members would not be put into the back line again under any circumstances, so that there never was a doubt about their permanent positions. But the Mets, through Burke, have succeeded in having Tyler and

Leo Mayer was in possession of a tip on Santon and bet \$500 on the horse at 20 to 1.

There was one stable commission of \$1,000 on The Southerner at an average of 5 to 1 in the last race, which the wise men as a rule steered clear of.

William Wheelock, the brother of the president of the Mets, who is ill, resumed booking yesterday, which set at rest the report that he had been advised to quit.

John E. Madden's yearlings bred at Hamburg Place will be sold at auction to-day and to-morrow at Sheepshead Bay.

H. T. Griffin sold Wild Irishman to Jack Phillips yesterday for \$1,200.

Previous winners of the Mermaid Stakes were Gunfire. Daisy Green and Beldame.

Druid's victory recalled the poor way she was handled by Lyne in her previous race.

August Belmont's Lord of the Forest, who ran second in the first race, is a gelding by Octagon—Lady Violet, hence a half brother to Lord of the Vale. He was entered to be sold for \$600. sold for \$600.

Pope-Toledo Racers Approved.

All fear that the United States would not have a full team of three cars in the Bennett cup race on July 5 was removed by a private cablegram received yesterday from Paris, which said that the two Pope-Toledo racers had been officially accepted by Clarence Gray Dinsmore. These two cars, nominated by W. T. Muir of Lexington, Ky., and Col. Albert W. T. Muir of Lexington, Ky., and Col. Albert A. Pope of Boston, were shipped to France under the impression that they had been passed upon and approved by S. B. Stevens, Jr., of the Automobile Club of America racing committee. It was decided by the club that the cars should be tested and approved by Mr. Dinsmore, the A. C. A. European representative. Herbert H. Lyttle and Bert Dingley, who are to drive the cars on July 5, have satisfied Mr. Dinsmore that the cars are stanchly built and fast, and they, with Joe Tracy as driver of the Locomobile racer of Dr. H. E. Thomas, will carry America's colors over the Auvergne circuit of 340.3 miles.

Steam Yacht Crescent Sold to Canadian Yachtsman.

has been sold through the office of Henry has been sold through the other of heary J. Gielow to Elziar Baillargeon, of Quebec. The Crescent is 87 feet long, 13 feet beam, 5 feet draught, has a clipper bow and over-hanging stern. She is schooner rigged, and is fitted with a triple expension engine and water tube boiler. She left New York

Practise Rounds at Englewood-Western

There were about forty of the entrants for the Englewood Golf Club tournament on the course yesterday, but the heavy rainfall broke up many foursomes and three-somes that had been arranged and the play was mostly of a desultory sort. Jerome D. Travers and J. Campbell Phillips played two rounds, however, and F. M. Olyphant, Jr., H. O. C. Davis, Ralph Peters, Jr., of the Princeton team, and James D. Foot of Apa-wamis had eighteen holes. The best score to be heard of was an 80 by Peters, who went out in 39. Foot also went out in 39, but he

Scholastic Tourney.

needed 42 to come in with, getting 81. M. D. W. Thurston of Roseville did 83.

On account of the heavy entry the time for starting in the eighteen hole qualifying round this morning has been put forward to 9 o'clock. There are so many of the first flight engaged that the competitive record of 78 is deemed in danger in the race for the gold medal. Three sixteens will qualify for cups, and also a fourth set if more than seventy finish. There will be about thirty-five starters from the Englewood club, and as there are sixty-six outside entries it is thought that the fourth cup will be needed. The following were in the final batch of entries: Howard F. Whitney, Nassau; C. W. Taintor, Richmond County; B. T. Allen, Fox Hills; H. Allsopp, Newark Golf Club; George H. Barnes, Dyker Meadow; C. S. Cox, Fairfield; J. B. Elmendorf, Apawamis; H. Egper and Theodore F. Keer, Newark Golf Club; W. P. Lawson, Montclair. round this morning has been put forward

Kenneth Edwards of Armour School won the Western interscholastic championship last week at Onwentsia in a style to prove that the East has no monopoly of coming golfers. He defeated Warren K. Wood of Harvard School, who was champion last year, by 3 up and 2 to play. The golf was the best that has been seen over the Lake Forest course this year, Edwards doing 77 and Wood 80. The latter began with a 3, one under par, but Edwards had as good a 3 on the second. He was 1 up at the turn and it was nip and tuck to the thirteenth, where Edwards drew away. drew away.

Dwight Partridge, the New York interscholastic champion, and C. A. Dunning have been invited to play in the Massachusetts interscholastic championship, July 6, 7 and 8, at the Country Club, Brookline. If they can get up a team to go on, the long expected intercity scholastic match will be an actuality.

AMERICANS WIN AGAIN. Giving a Good Account of Themselves in English Tennis.

Special Cable Despatch to TRE SUN. London, June 21.—In the tennis cham-pionship tourney for the Queen's cup now going on at West Kensington the players of the American international team are giving a good account of themselves. The American champion, Holcombe Ward, after defeating

SCALP THE REDS ONCE MORE

NEW YORKS GET WINNING LEAD AT THE START.

Mathewson in the Box, and Cincinnatis Score but Fitfully-Brooklyns Back Into Their Stride and Lose in Pittsburg-Other National League Games.

With Mathewson in the box and the Reds ble to score but fitfully, the New York Nationals took another scalp in Cincinnati yesterday, getting a running start. The Brooklyns got back into their stride after cutting up for a day and were beaten by the Fittsburgs. The Philadelphias are not going as smoothly as on the first part of their trip, and were blanked by the Chicagos. The Bostons rallied and shook up the Cardinals. The Chicagos jumped from fifth to third place. Philadelphia and Cincinnati slipping back a peg. The results:

New York, 6: Cincinnati, 3. Pittsburg, 4: Brooklyn, 2. Chicago, 3; Philadelphia, 0 Doston, D: St. Louis, 3

NEW YORK (N. L., 6 CINCINNATI, 2.

CINCINNATI, June 21.—It was Mathewson who held the Reds at bay to-day, and the champions did enough business with Pitcher Walker in one inning to put that geutleman out of the game and incidentally to help themselves to their second game of the series. Browne began the festivities with a swipe to center for a sack and Donlin spanked the leather to Kelley's territory for another. McGann moved both up a peg on a sacrifice. Mertes clouted a single to center and Browne and Donlin started the parade across the plate. Dahlen got four balls and Devlin banged an intended fooler over Seymour's head for three sacks, Mertes and Dahlen ambling home. Gilbert died on a punch to Barry. Bowerman, the eighth man to face Walker in this inning was hit on the shoulder by a pitched ball. He and Devlin tried the double steal, but Corcoran took Schlei's short throw and returned it to the catcher so well that Devlin was caught far away from the plate.

The Reds got one tally over on Kelley's

that Devlin was caught far away from the plate.

The Reds got one tally over on Kelley's infield single and a long triple to center by Seymour. Ewing went to the slab in the second and overlooking the third inning he was the equal of Mathewson, but his advent was too late. In the third Mertes scored on his own triple and Corcoran's error on Dahlen. Another error by Corcoran and Gilbert's double put a second over. The Reds rallied in the ninth with singles by Seymour, Odwell and Bridwell, and a base on balls to Schlei which forced in a run. However, Steinfeldt, called to bat for Ewing, fell down with an easy grounder to short. The score:

PITTSBURG, 4: BROOKLYN, 2. PITTSBURG, 4: BROOKLYN, 2.

PITTSBURG, June 21.—Pittsburg won to-day's game by bunching their hits in the sixth inning. Wagner led off with a two bagger, followed by three baggers by Leach and Howard, which netted three runs. Mc-Intyre pitched a good game with the exception of the one bad inning. Hall played a clever game, having four put outs and getting a pair of hits. The score:

Will There Be a Contest for Control of

American Nickel Stock?

Can Many Shares Be Shaken Out and Acquired at Present Fictitious Low Prices?

OPINIONS OF FINANCIERS.

A prominent banker says:

"The quiet absorption of American Nickel stock which is taking place on the New York Curb market confirms my belief that either the U.S. Steel Corporation or the Société Nickel are trying to obtain control of American Nickel. The pounding down and hammering shakes out weak holders, stops the traders from buying and bulling it, and enables the patient and powerful magnates to acquire stock at the lowest prices.

"Société Nickel stock is selling at 710 francs, and International Nickel a \$60; while American Nickel has been manipulated and hammered down below \$2 a share on the Curb. This is a ridiculous, false; low price. When the pressure is taken off and aggressive buying commences you will see an immense rise in American Nickel."

"The production of iron and steel in 1900 was forty million tons; in 1903 it was fortysix million tons, and in 1910 it must be sixty million tons. Nickel steel will supplant the mild steel heretofore used. It is now known that nickel steel is as much superior to ordinary steel as steel itself is superior to iron. The demand for nickel is unlimited. The rich nickel mines, owned by the American Nickel Company at Nickeli Churchill County, Nevada, are the only nickel mines in the United States and the only nickel mines in the world that can produce high grade ore." The head of a leading Stock Exchange

house says:

"I firmly believe in American Nickel. It is a safe, sound investment selling at abnormally low figures.

"At the American Nickel Mines development work is going on day and night, and the results are constantly verifying the statements of Cosme Puig, J. E. Lyon, M. Knoetzer, Prof. C. P. Turner and other great mining experts that this deposit of nickel is the richest and most valuable of any yet discovered in the world.

"There is quiet, continuous accumulation going on in this stock. I know that a Calumet and Hecla official has bought some to hold for permanent investment. "The American Nickel Company can

Philadelphias Reduce Cleveland's Lead make nickel at the same cost that Amalgamated and Calumet and Hecla can make "Copper sells for 15 cents a pound.

"Nickel for 45 to 60 cents a pound.

"Calumet and Hecla went up from \$2 to \$900 a share and has paid \$87,000,000 in dividends to shareholders. Old Dominion went up from \$1.50 to \$53 a share. "What record will American Nickel stock make? American Nickel is being developed and is managed and controlled by

the same able, experienced men who formerly owned one-half the entire capital stock of the Calumet and Hecla and nearly all the Old Dominion stock. "American Nickel stock represents ownership of four richest nickel mines in the world, a town site, many buildings, complete mining machinery and an electric

plant for making nickel and nickel salts. "All owned free and clear under impregnable title confirmed (after seven years' litigation) absolutely by the final decision of U.S. Supreme Court at Washington. "There are no bonds, no mortgages, no

indebtedness of any kind, and no litiga-The president of a trust company says: "It is one of the clearest and cleanest mining propositions in existence, and one that will yield enormous profits to share-

"The sound financial condition of the American Nickel Company is certified to. after thorough examination of the books, by Mr. Albert E. Little, of 100 Broadway, the well known Certified Public Accountant. "The greatest mining engineers and experts in the world on nickel have examined

E. M.; M. Knoetzer, E. M.; James E. Lyon, E. M.; S. L. Burbridge, E. M.; Charles Bell E. M., and Professor C. P. Turner, E. M., who says in his report: 'The nickel ore already exposed in sight from years of development work will pay from \$6 to \$18 per share annual dividends

and reported on these mines-Cosme Puig,

on American Nickel stock for the next 20 years. "The new big smelting and refining plant will make the present little reduction works look like a small yacht alongside a great

ocean steamship.' A specialist in American Nickel stock sava: The floating shares on the Curb market are being quietly absorbed by powerful bankers. I advise my clients to hold their

stock for a great rise and big dividends." All bankers and brokers and members of stock exchanges of principal cities execute orders to buy and sell American Nickel on the New York Curb market. Later on t will be listed on the New York and Boston stock exchanges.

A prominent steel maker says:"It is known now that nickel steel is as much superior to ordinary steel as steel itself is superior to wrought iron. An alloy of nickel with steel makes steel lighter, stronger and makes it last five times longer. I believe that some one of the great steel makers will gladly pay \$40 or \$50 a share for control of American Nickel, as this company owns the only nickel mines in the United States, and this metal nickel, outside of its innumerable uses in the industrial arts, is of colossal importance in the manufacture of nickel steel."
